Dallas Chapter – Soccer

TRAVEL WORKSHEET

This worksheet is to be completed by all officials and submitted to the stadium administrator along with the pay sheets provided by the school. It shall be completed following the instructions at the bottom. Travel pay is based on Rule 1204 of the UIL Constitution allowing the school to pay either 1 car mileage and 2 rider fees or 2 car mileages and 1 rider fee. Each district must pay the minimum of 1 car mileage but may choose to pay 2 cars due to distance or lack of reality of a rider situation. TASO Dallas has requested that each school equally divide the mileage between all officials on the game since many will travel a distance greater than provided by the rider fee and are not able to ride with another official.

Instructions:

- Each referee on the crew must fill out the form. If other members of your crew have already applied for travel that day at that location, then they may not submit a second travel.
- Fill out all your information and complete "A – E" for your portion of travel.
- After all officials have completed their section, complete the Total Travel Calculation section.
- Refer to the list below to determine whether to insert mileage or rider fee for "H".
- Complete the remainder and insert "K" totals on "F".
- "F" is the amount of travel each official will actually be paid.
